Seven pounds of American flour will make as much bread as eight pounds of English flour.

Some historians say that the manufacture of silk was introduced into Spain by the Moors.

Only four widows of soldiers who fought in the American revolution now remain on Uncle Sam's pension roll. Seven years ago there were 13. Immature wood, that is the wood of

a tree which has not attained its full growth, is said not to be so durable as the wood of a full-grown tree. Houses which are damp because of

proximity to undrained land may be rendered more habitable by planting the laurel and sunflower near them. Wood is not generally well seasoned

by a very high temperature. If the heat is too great the moisture escapes very rapidly and the wood is liable to crack or split.

Russia adopted the metric system from January 14 of the present year. Great Britain and the United States are the only civilized countries that have not adopted it.

Prescott, being almost blind, required ten years to prepare "Ferdinand and Isabella;" the "Conquest of Mexico" required six years and the 'Conquest of Peru" four.
